

INDIRA GANDHI COLLEGE OF ARTS AND SCIENCE, NELLIKUZHY

DEPARTMENT OF CHEMISTRY

Program Outcomes : B.Sc. CHEMISTRY

	PROGRAMME OUTCOME BSc CHEMISTRY
PO 1	Critical and Logical Thinking: Use the critical thinking and logical reasoning skills you've learned in the lab and classroom to solve problems in the real world.
PO 2	Effective Communication Skill: Through workshops, project presentations, and classroom activities, develop excellent communication skills that you can use in real-world scenarios to have meaningful interactions with individuals, groups, and governmental entities.
PO 3	Problem Solving Skill: Analyze and resolve issues in daily life by applying the knowledge, reasoning, abilities, and attitudes that come from well-informed education.
PO 4	Human Rights, Gender and Environment Consciousness: Gain a thorough understanding of gender, human rights, and environmental concerns from both a global and regional standpoint. This will enable you to make compassionate decisions and provide innovative, beneficial, and long-lasting solutions.
